Education

University POLITEHNICA of Bucharest — Bucharest, Romania
B.Eng., Electronics, Telecommunications and IT (taught in English) — *Oct 2026 – Jul 2030 (expected)*

"Petru Rareș" National College — Piatra Neamț, Romania
Mathematics and Computer Science — *2022 – 2026*

Projects

8-LED Cascade | *Arduino, C/C++, soldering* — 2026

- Hand-soldered 8 LEDs and their current-limiting resistors and programmed a cascade lighting sequence on an Arduino, as a member of TechForge, the IT & robotics club at ETTI

Awards & Competitions

AWS GameDay – Frugal Architect, team competition (ETTeam, 4 members) – *5th of 20+ teams* — Oct 2026

- Cut the running cost of a live AWS web app under continuous traffic while keeping it fast and available; completed 18 cost-optimization tasks
- Graviton migration (EC2 & Aurora), Spot workers behind an SQS queue, CloudFront + WAF against bot traffic, Flask app rewritten on Lambda + API Gateway

Mathématiques sans Frontières, national stage (team competition) – *2nd Prize* — 2025

Mathématiques sans Frontières, national stage (team competition) – *3rd Prize* — 2024

Activities & Volunteering

Volunteer — Oct 2025
International Olympiad on Astronomy and Astrophysics – Junior (IOAA Jr.), 4th edition — *Piatra Neamț, Romania*

Volunteer Math Tutor — Mar – Jun 2024
County remediation program for the National Evaluation (8th grade) — *Piatra Neamț, Romania*

- Tutored 8th-grade students in mathematics for 10 hours ahead of their national exam

Volunteer — Apr 2024
4/4 PentruPrieteni, U.S. Embassy in Romania & American Councils — *Piatra Neamț, Romania*

Skills & Languages

Programming: C (learning), Arduino (C/C++)
Hardware: Soldering, breadboard prototyping
Tools: MS Office (ECDL Profile certificate, 2024)
Languages: Romanian (native), English (C1, Cambridge B2 First, Grade A), French (A2)
Interests: Tennis (since age 10), fitness, nutrition
